Indian Economy

In 2020-21, India was one of the worst hit nations of the Covid-19 pandemic. The strict lockdowns resulted in drop in economic output of the country. The impact of Covid-19, resulted in a halt to the economy, while it was already recording slow levels of growth.

The Government induced fiscal measures have resulted in a growth of the consumption levels at the same time, India has moved up the ladder in the Global Ease of Doing Business. With sentiments against a particular Asian nation, India is set to immensely benefit as manufacturing bases start to move to the country.

Going forward, over the longer term, India is well-positioned to drive strong growth – however, IMF estimates India's economy to growth rate of 6% after December 2021.

CNG Industry

Under the ambitious national goals to move the share of natural gas from (6%) of the nation's fuel basket to 15% over the next few years, will result in the growth of 180 million standard cubic metres per day (mmscmd) to ~500 mmscmd, based on both economic and environmental considerations. If this target is achieved, the share of natural gas in the country's energy basket will increase from 6.2% at present to 15% by replacing other fuels including coal, petrol and diesel. The country has committed investments of in billions of dollars to expand gas infrastructure that includes LNG import terminals, laying pipelines and expanding city gas distribution networks across the country.

Over 70% of the population in India has been covered after the 10th CGD round in India. The 9th and 10th rounds also saw significant participation from the private sector players, which will further accelerate the speed and efficiencies in the industry. The number of CNG stations in the country is expected to increase by over 6,000 stations in the next 5 to 7 years.

The convenience and availability of CNG, newly introduced scrappage policy, higher prices of petrol and diesel will result in increased adoption of CNG for passenger vehicles and heavy vehicles. It is estimated that over 4L new retro fitments will be made over the next 5 years in the passenger car segments.

Various OEMs such as Maruti have announced to launch more CNG models along with lowering the total number of diesel models. Growing concern for the environmental is another driver of CNG usage. Several initiatives are underway to create green transportation frameworks over the last few years with many of our cities exceeding widely accepted benchmarks of air pollution. This will result in increase of demand for CNG cylinders for passenger vehicles (OEM and retrofit) along with cascades required for CNG stations.

One of these is the vehicle scrappage policy, based on which older, polluting vehicles will be taken off the road, paving the way for renewed demand for new vehicles. Another initiative likely to secure nationwide traction is the conversion of city/state transportation bus fleets and other means of mass transportation to CNG fuels.

Industrial and Medical Oxygen Gases cylinders

During the second Covid wave, the Country witnessed an acute shortage of oxygen cylinders. Various private and Government bodies have ordered for increasing the stock of oxygen cylinders, in better preparation of any future Covid waves. Further, the expansion of healthcare facilities in rural areas, is expected to keep the demand for oxygen cylinders high.

Growing industrial bases in various states, attracting foreign investment and initiatives such as 'Make in India' are expected to increase the industrial base in India.

Outlook and Opportunities

With the objective of making the more economical and green fuel of CNG available to a large section of the population, offers 2 large opportunities – CNG cascades for the CNG stations and onboard CNG cylinders for the vehicles. With the petrol and diesel prices, expected to stay at Rs 90+ levels in the foreseeable future, there is a large market for retrofit. We expect that over the next 7 years, over 20 lakh new/retrofitted CNG vehicles will come on road.

The company plans to set up retrofit centres at viable locations, to assist in conversion to greener fuel at affordable prices. These retrofit centres will be made on an asset light model and will result in ensuring the sale of onboard CNG cylinders.

The second wave of Covid-19 pandemic made the country realize the gaps in the healthcare network, including shortage of oxygen cylinders and facilities. As the healthcare network and systems are now being improved, the various Government authorities and bodies are upgrading their healthcare facilities. All healthcare facilities will require oxygen cylinders, this possess a large opportunity for the Company and its high pressure cylinder manufacturing plants.

The Government of India has rolled out incentives and subsidies for many sectors wanting to improve domestic production as well as attracting foreign manufacturers in the country. The industrial sector post Covid-19 has started on a positive note to expand footprints, especially in the scenario of low rates of interest. The setting up of new industrial areas and expansion of the local domestic segment will increase the requirement of industrial gases, which in turn will increase the demand for high pressure cylinders required to store and transport these gases from their bottling facilities.

With Governments single aimed focus in decreasing reliance of petrol and diesel for mobility, the alternatives such as Liquefied Natural Gas (LNG) (apart from CNG and EV) are being widely promoted. The management expects that the new automotive fuels, which fall outside the purview of the CGD regulations will open new opportunities for the Company in the future and based on the demand availability as well as suitable commercial arrangements and margins.

RISKS, THREATS AND CONCERNS

The major threat to CNG industry is Electric Vehicles (EV). The company however don't foresee any major threat in the coming 10 years as EV has its own challenges with respect to infrastructure development, range of vehicle and current cost of batteries.

TO THE MEMBERS OF CONFIDENCE FUTURISTIC ENERGETECH LIMITED

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the accompanying standalone financial statements of CONFIDENCE FUTURISTIC ENERGETECH LIMITED ("the Company"), which comprise the Balance Sheet as at March 31, 2021, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year ended on that date, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the standalone financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021, the profit and total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the *Auditor's Responsibilities for the Audit of the Standalone Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the independence requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined that there are no key audit matters to communicate in our report.

Information Other than the Standalone Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the standalone financial statements and our auditor's report thereon. The other information is expected to be made available to us after the date of this auditors' report.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

When we read such information as and when made available to us and if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

Management's and Board of Directors' Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the state of affairs, profit/loss (including other comprehensive income), changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

☑ Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

☑ Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.

☑ Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

☑ Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

☑ Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

ANNEXURE A TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE STANDALONE FINANCIAL STATEMENTS OF CONFIDENCE FUTURISTIC ENERGETECH LIMITED

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of M/s CONFIDENCE FUTURISTIC ENERGETECH LIMITED as of 31-Mar-2021 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. We believe that the audit evidence I/we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31-Mar-2021.

30. Fair Value Measurement

The fair values of the financial assets and liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

The following methods and assumptions were used to estimate the fair values: ·

Fair value of cash and short-term deposits, trade and other short term receivables, trade payables, other current liabilities, short term loans from banks and other financial institutions approximate their carrying amounts largely due to short term maturities of these instruments.

Financial instruments with fixed and variable interest rates are evaluated by the Company based on parameters such as interest rates and individual credit worthiness of the counterparty. Based on this evaluation, allowances are taken to account for expected losses of these receivables. Accordingly, fair value of such instruments is not materially different from their carrying amounts.
